

CHATEAU DE CAMPUGET

Chateau de Campuget is a top quality family owned estate in Costieres de Nimes with a history dating back several centuries. The secret of its success is its reliance on the best grapes - Grenache, Syrah, Mourvedre, Viognier, Marsanne and Roussane, planted in the stony soil, like that of the Rhone, which reflects the sun and enlivens the vines. In its cellar, tradition and progress unite to provide aroma, finesse and bouquet. Chateau de Campuget deploys a wide range of traditional Rhone cepage to produce full flavoured, fruity and spicy wines with great character.
